Experience

Programming Experience (2014 – Now)

Languages JavaScript, python, Java, Dart, C++, HTML5 & CSS3,

Frame works React.JS, Flutter, Next.js, and Express.

Run Time Environment: Node.JS

Database systems MySQL, MongoDB

Graphic Design and Prototyping: I use Figma and Adobe products to design prototypes before actual designs of websites (UI/UX).

Computer Science: I have learn different types of technology since I started learn programming by myself, I believe I have good understanding on Data Structure and Algorithm, Full stack web development, agile development and clean code. On the other Hand I learn how network works which includes TCP/IP, DNS, HTTP, HOSTING, FTP, and NETWORK LAYERS.

As a team work instrument I use GitHub, Slack to collaborate with other members of projects to be done in team.
